

มหาวิทยาลัยราชภัฏเชียงใหม่  
เลขรับ 6295  
วันที่ ๑๘ พ.ค. ๒๕๖๘  
เวลา ๑๑.5๐ น.

ที่ อว ๐๒๐๒.๖/ว๙๑๗๓

ถึง สถาบันอุดมศึกษาในสังกัด อว.

ด้วยสำนักงานปลัดกระทรวงการอุดมศึกษา วิทยาศาสตร์ วิจัยและนวัตกรรม ได้รับการประสานจากสถานเอกอัครราชทูตอังกฤษ ประจำประเทศไทย แจ้งเกี่ยวกับการเปิดรับสมัครทุนวิจัยและความร่วมมือระหว่างประเทศจากหน่วยงานต่าง ๆ ของสหราชอาณาจักร โดยมีทุนที่เปิดรับรวมจำนวน ๒๓ รายการ และครอบคลุมหลากหลายสาขา ได้แก่ ด้านสุขภาพ จำนวน ๑๘ โครงการ ด้านสภาพภูมิอากาศ จำนวน ๑ โครงการ ด้านสังคมศาสตร์ จำนวน ๑ โครงการ และด้านการเสริมสร้างศักยภาพ (Capacity Strengthening) จำนวน ๓ โครงการ ทั้งนี้ ทุนดังกล่าวเปิดโอกาสให้นักวิชาการและนักวิจัยไทยสามารถสมัครเข้าร่วมได้ในหลายรูปแบบ ทั้งในฐานะหัวหน้าโครงการรวม (Co-Principal Investigator) หรือในฐานะพันธมิตรความร่วมมือกับนักวิจัยในสหราชอาณาจักร โดยบางโครงการอาจมีเงื่อนไขให้ต้องมีหัวหน้าโครงการหลักจากฝั่งสหราชอาณาจักร ในขณะที่บางโครงการอนุญาตให้นักวิจัยจากประเทศไทยสมัครได้โดยตรง นอกจากนี้ ยังมีกิจกรรมสัมมนาและงานประชุมที่น่าสนใจซึ่งเกี่ยวข้องกับการขอรับทุน ดังนี้

๑. Funding Opportunities Webinar โดย Arts and Humanities Research Council (AHRC), UK ในวันพุธที่ ๒๑ พฤษภาคม ๒๕๖๘ เวลา ๑๕.๐๐ น. (ตามเวลาประเทศไทย) โดยลงทะเบียนเข้าร่วมได้ที่ <https://events.teams.microsoft.com/event/2d4f753b-2cbe-40d1-bf86-e62dceb8fff3@8bb7e08e-daa4-4a8e-927e-fca38db04b7e>

๒. International Cancer Research Symposium ๒๐๒๕ ระหว่างวันที่ ๑๔ - ๑๕ พฤษภาคม ๒๕๖๘ ณ Waterfront Hotel เมืองกูชิง รัฐซาราวัก สหพันธรัฐมาเลเซีย

รายละเอียดปรากฏตามสิ่งที่ส่งมาด้วย

ในการนี้ สำนักงานปลัดกระทรวงการอุดมศึกษาฯ ขอความอนุเคราะห์ท่านประชาสัมพันธ์ข้อมูลดังกล่าวให้คณาจารย์ นักวิจัย และผู้สนใจในหน่วยงานของท่านทราบ ตลอดจนเครือข่ายวิชาการที่เกี่ยวข้อง เพื่อนำไปสู่การเสริมสร้างโอกาสจากแหล่งทุนระหว่างประเทศให้เกิดประโยชน์สูงสุดอย่างยั่งยืนต่อไป

เรียน อธิการบดี

จึงเรียนมาเพื่อโปรดพิจารณาดำเนินการในส่วนที่เกี่ยวข้องต่อไปด้วย จะขอบคุณยิ่ง

☐ เพื่อโปรดทราบ

☒ เพื่อโปรดพิจารณา

เห็นควร... *ส่งต่อให้หน่วยงานที่เกี่ยวข้อง*

## UK Science and Research Funding Opportunities – THAILAND

May 2025 – Issue 1.0

### Instructions

This document provides a summary of funding opportunities for UK researchers to collaborate with international partners, which Thailand is one of the eligible partners. UK funding opportunities are delivered across multiple departments and organisations, and the list below (**Table 1**) is not an exhaustive list. Applicants are advised to **read the guidance note** of each call in full details, which may require Co-PI from the UK and one other country, before submitting the application. For further queries, please contact relevant UK funders / delivery partners.

Summary of upcoming events:

- International Cancer Research Symposium 2025
- Arts & Humanities Research Council Webinar for SEA

Summary of funding available:

- **Health:** 18 programmes
- **Climate:** 1 programme
- **Social Sciences:** 1 programme
- **Capacity Strengthening:** 3 programmes

Please note this document is **not** updated on a regular basis. You are encouraged to follow and subscribe to relevant e-newsletters for up-to-date notification (**Table 2**).

## Upcoming events: International Cancer Research Symposium - Bridging Borders: Addressing Cancer Across South-East Asia

14 – 15 May 2025

The Waterfront Hotel, Kuching, Sarawak, Malaysia

### Key themes:

- Cancer Epidemiology & Genetics
- Multiomics & AI in Cancer
- Tumour Ecosystem & Metastasis
- Innovative & emerging approaches
- Updates in the Pathology of the Gastrointestinal

The International Cancer Research Symposium (ICRS) marks the first collaboration between cancer researchers from the UK and Malaysia campuses of the University of Nottingham (UoN) in organising a scientific meeting. UoN's cancer research is widely recognised, with a high volume of published and cited work, and it ranks 8th outside London for cancer research citations. The collaboration with the UK campus adds another significant dimension to the event, as we are honoured to have esteemed cancer researchers from the UK campus, all of whom are members of the Centre for Cancer Sciences, joining us in shaping the exciting programmes for the event.

### Find out more and register at:

[www.nottingham.edu.my/conferences/icrs2025/index.aspx](http://www.nottingham.edu.my/conferences/icrs2025/index.aspx)

## INTERNATIONAL CANCER RESEARCH SYMPOSIUM

Bridging Borders: Addressing Cancer  
Across South-East Asia

14 & 15 May 2025  
Kuching, Sarawak

**Upcoming events:** Funding Opportunities Webinar by the Arts and Humanities Research Council (AHRC) UK for researchers in SEA

**Are you interested in understanding the foundations of successful UK-international research projects and to explore opportunities to contribute to cutting-edge research?**

**This webinar is ideal for early career researchers, established academics, and anyone interested in the possibilities of international research collaborations with UK researchers.**

**Date and time in local time:** 21<sup>st</sup> May 4pm KL time

In this informative session, AHRC will:

- Discuss key components of effective research design
- Highlight the potential for research to address global challenges
- Explore frameworks for ensuring high-quality research outcomes
- Gain an introduction to the different AHRC funding opportunities available.
- Explore the exciting roles and responsibilities of a Project Co-Lead (International) and a Project Partner.
- Learn about the eligibility criteria and processes involved in these key roles.

**Arts and  
Humanities  
Research Council**

Hosted by AHRC, this webinar will provide practical insights and there will also be time for you to ask questions about their whole funding process. Don't miss this opportunity to take the first step towards leading or partnering in impactful research projects. **Register now to secure your spot!**

**Joining or registration link :** <https://events.teams.microsoft.com/event/2d4f753b-2cbe-40d1-bf86-e62dceb8fff3@8bb7e08e-daa4-4a8e-927e-fca38db04b7e>

Upon registration, please add the event to your calendar to ensure it reflects as 4pm Malaysia time. Please note this webinar is for researchers based in **Malaysia** and regional **Southeast Asia**.

**Who should join:** Anyone in the arts, humanities and social sciences who are involved in research projects – either through academia / university, government and ministries, NGO's, civil society, charities

**Table 1.0 – List of Funding Opportunities**

Theme	Health (Fellowship for Digital Health)	Health (AI and Mental Health)
<b>Programme name</b>	Transformative Technologies for Healthcare and Environmental Resilience (THER)	Generative AI for anxiety, depression and psychosis
<b>Funder / Delivery partner</b>	ISPF / British Council through Edinburgh Napier University	Wellcome
<b>Expected outcomes / Brief Description</b>	Fellowship for early-career research to work at the University. This includes those without a permanent research-related post / academic post.	Research to validate novel targets with strong rationale to earlier intervention in anxiety, depression, and/or psychosis
<b>Priority area / Scope</b>	Digital Health: 1) AI for fall prevention, 2) Robotics and AI in Healthcare, 3) Exoskeleton Robots for Rehab, 4) Autonomous EV for Emergency Services, 5) AI-Driven Body Area Networks for Monitoring, 6), IoT for Healthcare for continuous monitoring, and 7) AI for digital health and precision medicine	All types of anxiety and depressive disorders (including obsessive-compulsive disorder, postpartum depression and post-traumatic stress disorder), and psychotic disorders (including schizophrenia, postpartum psychosis and bipolar disorder)
<b>Budget</b>	3 early-career scholarships for Thailand, including bursary, research expense and other costs	£700,000
<b>Duration</b>	Minimum 10 months	Up to 2 years
<b>Briefing</b>	N/A	Available now on website
<b>Link</b>	<a href="https://blogs.napier.ac.uk/ispf-early-career-fellowships/introduction/">https://blogs.napier.ac.uk/ispf-early-career-fellowships/introduction/</a>	<a href="https://wellcome.org/grant-funding/schemes/target-validation-mental-health">https://wellcome.org/grant-funding/schemes/target-validation-mental-health</a>
<b>Deadline</b>	Rolling basis – Apply as soon as possible	28 May 2025
<b>Contact</b>	Professor Dr Hongnian Yu, at <a href="mailto:H.Yu@napier.ac.uk">H.Yu@napier.ac.uk</a>	<a href="https://wellcome.org/who-we-are/contact-us/funding-enquiry">https://wellcome.org/who-we-are/contact-us/funding-enquiry</a>

Theme	Health (Interdisciplinary epidemics)	Health (Transdisciplinary AMR)
Programme name	Interdisciplinary research to tackle epidemic threats	Transdisciplinary research to tackle antimicrobial resistance (Phase 2)
Funder / Delivery partner	UKRI, Defra, FCDO	UKRI
Expected outcomes / Brief Description	Funded projects are expected to become national or international focal points for epidemic-relevant interdisciplinary research in their chosen area. <b>(Thai as co-lead only)</b>	Funded project for <b>transdisciplinary research</b> to tackle antimicrobial resistance (AMR); it will provide key insights and deliver informed interventions to address antimicrobial resistance. <b>(Thai as co-lead only).</b>  Funded projects are expected to become national or international focal points for AMR research and innovation.
Priority area / Scope	Interdisciplinary research to tackle epidemic diseases of animals, humans or plants, to better understand, predict, and prevent reemergence of infection. Pathogens (for example, bacteria, viruses, fungi, parasites and oomycetes) within all reservoirs are within scope, providing they have epidemic potential.  This includes, but is not exclusive to: animals (aquaculture, farmed, companion and wild), humans, plants (crops, trees both horticultural and wild), natural environments, animal-human-environment interface.	To better understand, detect, and disrupt the emergence of AMR in animals, humans, and plants using One Health and Planetary Health approaches. Microbes within scope include: bacteria, virus, fungi, protozoa, helminth. Reservoirs include human, animal, plants, natural environments, human-made environments, and food chain.  <b>Areas of thematic interest included in the website.</b>
Budget	Up to £3.75m	£1-3m
Duration	Up to 5 years	Up to 5 years
Briefing	Webinar link below	Webinar link below
Link	<a href="https://www.ukri.org/opportunity/interdisciplinary-research-to-tackle-epidemic-threats/">https://www.ukri.org/opportunity/interdisciplinary-research-to-tackle-epidemic-threats/</a>	<a href="https://www.ukri.org/opportunity/notification-of-intent-transdisciplinary-research-to-tackle-antimicrobial-resistance/">https://www.ukri.org/opportunity/notification-of-intent-transdisciplinary-research-to-tackle-antimicrobial-resistance/</a>
Deadline	19 June 2025	Submission of Notification of Interest by 18 June 2025
Contact	<a href="mailto:tacklingepidemics@ukri.org">tacklingepidemics@ukri.org</a>	<a href="mailto:UKRI-AMR@ukri.org">UKRI-AMR@ukri.org</a>

Theme	Health (New Intervention)	Health (Mental Health)	Health (Translational research)
<b>Programme name</b>	Gap fund for early-stage development of new healthcare interventions	Mental Health Award: Leveraging longitudinal data to transform early intervention in mental health	Developmental pathway funding scheme: stage one
<b>Funder / Delivery partner</b>	MRC	Wellcome	MRC
<b>Expected outcomes / Brief Description</b>	Translational Project funding to generate critical data that builds confidence in developing a new or repurposed medicine, medical device, diagnostic test, or other medical intervention. <b>(Thai as co-lead only).</b>	Research to support data-driven or hypothesis-driven early identification models and advance their translational potential, aiming to create a step-change in early intervention for anxiety, depression and/or psychosis	Translational project to develop test novel therapeutics, medical devices, diagnostics and other interventions. It aims improve prevention, diagnosis, prognosis or treatment of significant health needs, or develop research tools that increase the efficiency of developing interventions. <b>(Thai as co-lead only).</b>
<b>Priority area / Scope</b>	All human diseases and medical interventions are eligible for support, both in the context of UK healthcare and addressing global health issues.  Project should have already explored a new concept and generated some data in support of the approach.	Longitudinal datasets and develop innovative ways of identifying anxiety, depression and/or psychosis early	All diseases and interventions are eligible for support. Global health issues also eligible.
<b>Budget</b>	£50k – 300k	£1-5m	-
<b>Duration</b>	6 – 18 months	3 – 5 years	-
<b>Briefing</b>	N/A	7 May 2025	N/A
<b>Link</b>	<a href="https://www.ukri.org/opportunity/funding-for-early-stage-development-of-new-healthcare-interventions/">https://www.ukri.org/opportunity/funding-for-early-stage-development-of-new-healthcare-interventions/</a>	<a href="https://wellcome.org/grant-funding/schemes/mental-health-award-leveraging-longitudinal-data-transform-early-intervention">https://wellcome.org/grant-funding/schemes/mental-health-award-leveraging-longitudinal-data-transform-early-intervention</a>	<a href="https://www.ukri.org/opportunity/developmental-pathway-funding-scheme/">https://www.ukri.org/opportunity/developmental-pathway-funding-scheme/</a>
<b>Deadline</b>	9 July 2025	22 July 2025	16 July 2025

Theme	Health (Systems Medicine)	Health (Infection)	Health (Infection)
Programme name	Population and systems medicine: research grant	Infections and immunity: research grant	Infections and immunity: new investigator
Funder / Delivery partner	MRC	MRC	MRC
Expected outcomes / Brief Description	Research to unlock the complexity of human health and disease across the life course. This includes population health and the impact of environmental factors including the social environment on health outcomes. <b>(Thai as co-lead only).</b>	Research to develop scientific knowledge that extends our understanding of human infectious disease and the role of the immune system in inflammation, immune-mediated disease, and cancer. <b>(Thai as co-lead only).</b>	Support for new investigators to become independent researcher, with research that increases understanding within the field of infections and immunity. <b>(Thai as co-lead only).</b>
Priority area / Scope	Full research areas are broad and included in the link below	Discovery research area are broad and included in the link below	Discovery research area are broad and included in the link below
Budget	-	-	Typically under £1m
Duration	Typically 3 – 5 years	Typically 3 – 5 years	Usually 3 years
Briefing	N/A	N/A	N/A

Theme	Health (Mental Health)	Health (Mental Health)	Health (Experimental Medicine)
<b>Programme name</b>	Neurosciences and mental health: research grant	Neurosciences and mental health: new investigator	Experimental medicine stage one
<b>Funder / Delivery partner</b>	MRC	MRC	MRC
<b>Expected outcomes / Brief Description</b>	Research in neurosciences, mental health, and disorders of the human nervous system. This includes physiology and behaviour of the human nervous system throughout the life course in health and in illness, as well as how to treat and prevent disorders of the brain. <b>(Thai as co-lead only).</b>	Support for new investigators to become independent researcher, with research to increase understanding within the field of neurosciences and mental health. <b>(Thai as co-lead only).</b>	Funding for experimental medicine projects conducted in humans, with clear pathway to clinical impact. Project will produce new mechanistic insights, including those that may identify opportunities to modify disease pathways, or enable the future development of novel therapeutic or diagnostic approaches. <b>(Thai as co-lead only).</b>
<b>Priority area / Scope</b>	Full research areas are broad and included in the link below	Full research areas are broad and included in the link below	Intervention or challenge in humans, with safety profiles established, which has been designed to validate a mechanistic hypothesis. The challenge may be, but is not limited to pharmacological, immunological, physiological, psychological, infectious
<b>Budget</b>	-	Typically under £1m	Typically £1m
<b>Duration</b>	Typically 3 – 5 years	Usually 3 years	-

Theme	Health (Vaccine)	Health (Vaccine)
<b>Programme name</b>	Innovations to Prepare for Future Epidemics and Pandemics	Innovative analytical technologies to improve vaccine manufacturing speed and equitable access
<b>Funder / Delivery partner</b>	CEPI	CEPI
<b>Expected outcomes / Brief Description</b>	Funding to advance a broad range of vaccine innovations for pathogens with epidemic or pandemic potential, including novel pathogens capable of infecting and causing disease in humans (i.e., Disease X). It supports vaccine research, development and manufacturing innovations	Funding to develop innovative analytical technologies for vaccines, with the goal to reduce vaccine development, manufacturing, and release times, lower costs, improve equitable deployment, and enhance analytical insights for vaccines such as RNA, viral vectors, or protein-based vaccines.
<b>Priority area / Scope</b>	<p>Focus Area 1: advancing innovative rapid-response vaccine platforms that can transform the response to a future Disease X</p> <p>Focus Area 2: developing new vaccine candidates against CEPI priority pathogens with epidemic or pandemic potential and viral families</p>	<p>Focus Area A: Minimizing time/cost to release/develop vaccine</p> <p>Focus Area B: Vaccine characterisation</p>
<b>Budget</b>	Varies from 1m-5m USD depending on scope	<p>Stage 1: 200k USD</p> <p>Stage 2: 800k USD</p>
<b>Duration</b>	18 – 36 months depending on scope	<p>Stage 1: 12 months</p> <p>Stage: 18 months</p>

Theme	Climate	Social Sciences
<b>Programme name</b>	Green Transition Fund: Nature-based Solutions	90 <sup>th</sup> Anniversary British Council Fellowships
<b>Funder / Delivery partner</b>	UKPACT	British Council / University of Edinburgh
<b>Expected outcomes / Brief Description</b>	Funding for organisation to deliver technical Assistance and capacity building projects in the areas of Nature-based Solutions (NbS).	12-month Postdoctoral Fellowship at Institute for Advanced Studies in the Humanities (IASH), University of Edinburgh.
<b>Priority area / Scope</b>	Must respond to one of the following pillars: Work package 5.1) Transboundary policy frameworks and platforms for collective action on NbS, Work package 5.2) NbS models and monitoring; Financing for NbS research and development, Work package 5.3) Nature-positive financing and businesses	Align with British Council overarching theme of ' <b>a more peaceful and prosperous world built on trust</b> ', and strategy of ' <b>We support peace and prosperity by building connections, understanding and trust between people in the UK and countries worldwide.</b> '
<b>Budget</b>	Up to £800,000	£2.5k bursary per month, plus travel expenses.
<b>Duration</b>	15 months	12 months
